# Text-decoration

A code editor window with a dark background and three colored window control buttons (red, yellow, green) in the top-left corner. It contains CSS code for text decoration. A dashed line originates from the word 'Text-decoration' in the title and points to the first line of code.

```
.container {  
  text-decoration-color: blue;  
  text-decoration-line: underline;  
  text-decoration-style: solid;  
  text-decoration-thickness: 2px;  
}
```

A code editor window with a dark background and three colored window control buttons (red, yellow, green) in the top-left corner. It contains a shorthand CSS rule for text decoration. A dashed line originates from the word 'Text-decoration' in the title and points to the shorthand property.

```
.container {  
  text-decoration: blue underline solid 2px;  
}
```
